Advance

on Koh Mak

PRO
TEAM BUILDING
ASIA

An aerial photograph of a tropical coastline. On the left, a dense forest of palm trees and other greenery borders a sandy beach. The beach curves along the edge of the water. The water is exceptionally clear, showing a vibrant turquoise color near the shore, which deepens into a darker blue further out. Numerous dark, jagged rocks are scattered throughout the shallow water, creating a textured appearance. A small, bright orange buoy is visible in the water near the shore. The overall scene is serene and picturesque, typical of a remote island destination.

Advance on Koh Mak

Koh Mak, the perfect team destination for training, discovery, and chilling.

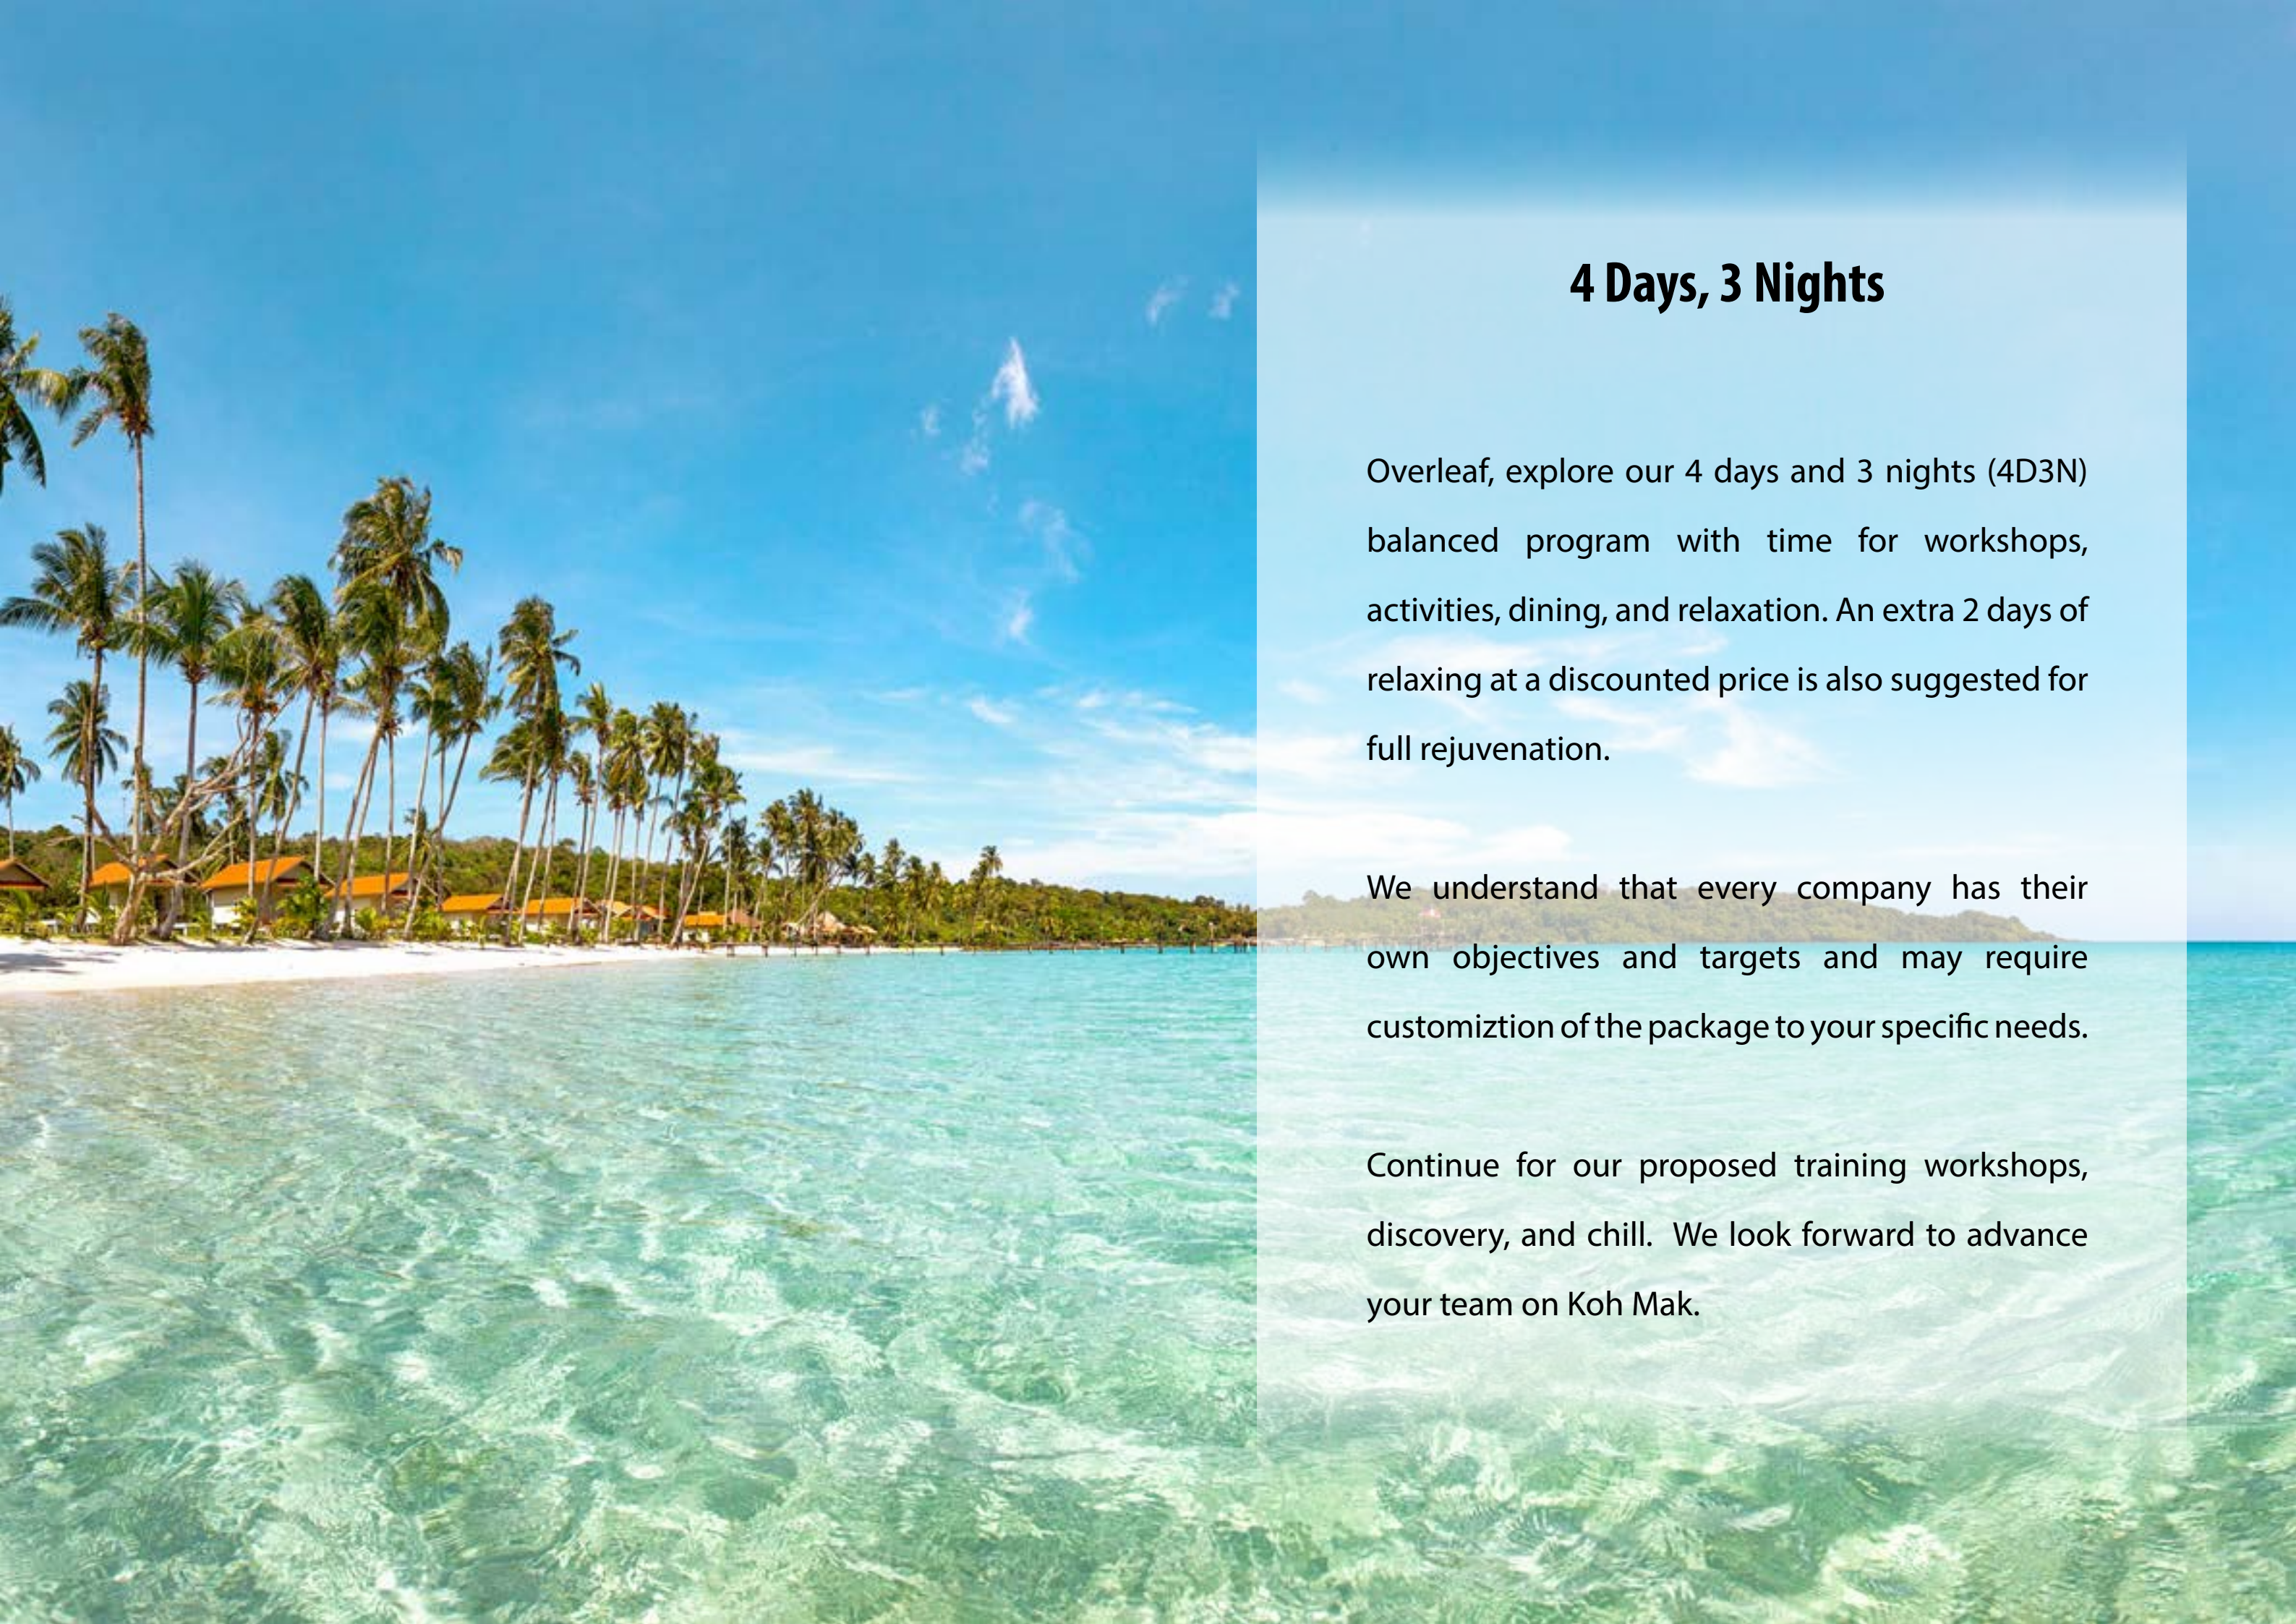

This island is mostly family owned and located on the east side in the Gulf of Thailand. It has a rich historical culture that dates back 5 generations with great views, weather, and local charm.

In a unique collaboration between the owners and Pro Team Building Asia we have created Koh Mak to be the perfect team destination for corporates in search for professional training, engaging team building activities, fun, and chill.

An aerial photograph of a tropical island. A large, forested hill dominates the left side of the frame. At its base is a crescent-shaped white sandy beach. The water is a vibrant turquoise, and a long pier extends from the beach into the sea. In the background, other islands and mountains are visible under a blue sky with scattered white clouds.

Why Koh Mak as a team destination?

- Your team will be isolated in a safe and controlled environment
- Reform your (new) teams with professional facilitators
- Reconnecting and bonding with proven workshops
 - Learn about teamwork with active learning based program
 - Unique and sustainable CSR activities
 - Gamified travel experiences (no time wasted)

4 Days, 3 Nights

Overleaf, explore our 4 days and 3 nights (4D3N) balanced program with time for workshops, activities, dining, and relaxation. An extra 2 days of relaxing at a discounted price is also suggested for full rejuvenation.

We understand that every company has their own objectives and targets and may require customiztion of the package to your specific needs.

Continue for our proposed training workshops, discovery, and chill. We look forward to advance your team on Koh Mak.

Teamwork & Training Package

This 4D3N teamwork package starts on a Tuesday and finishing on a Friday with the opportunity to extend into the weekend as a reward to your employees. “tabtourasia made team building hassle free, and more importantly, FUN! I will absolutely be using them again.”

“Previous conferences often were ‘too much work and not enough fun’... we definitely turned this around with tabtourasia. Everyone was commenting on what a great time they had and how it helped them stay more engaged with the main subjects. Great job guys thanks!”

“Fun and very enjoyable. Using tablets during the amazing race game adds more to the excitement when completing activities. I would definitely recommend this to other people.”

“This event was a huge success among all employees, everyone had an amazing time. It was the perfect balance between team building and fun and really reflects to team work within the company. Many thanks! We definitely recommend this team-building event.”

“This workshop exceeded all expectations. Professional trainers and facilitators, well designed activities and great support.”

“Great customer service and good communication throughout the entire event. Staff were super friendly and accommodated all our needs. Thank you for such memorable experience!”

“For me, it was a brilliant successful blend of knowledge and fun. I have no suggestions for improvement.”

“I have been doing team building for over 25 years, and this was by far the best one!”

TEAM PSYCHOLOGICAL SAFETY

Results Oriented Soft Skill Training & Development

Conducted by Reinier Jansen, founder of Pro Team Building Asia and author of 'How to Teamwork'. Reinier has worked with over 150 world leading companies over the world.

Your team will discover Team Psychological Safety (TPS) and enhance team efficiency through the 5 foundations of effective team work through an active learning style. Team members will recognize how they and their team work and will obtain tools to intervene when needed.

The Program

Participants will solve various problems that are non-work related but comparisons can be made to the work situation. Debriefs will be made after each activity (70% active, 30% theory).

Key Takeaways

Discover the concept of Team Psychological Safety, the theoretical origins and components, and apply the concept in sample cases. They will design interventions using TPS on which to build team effectiveness and efficiency, and to sustain the team performance.

Participants understand why TPS is the key to higher performing teams and teams understand why some teams are not performing well. Participants will discover foundations like of, 'Trust, 'commitment', 'Goal setting', 'Communication' and 'Accountability'.

Participants will understand why some teams are performing better than others and use this knowledge to manage their teams.

DECISION MAKING

Results Oriented Soft Skill Training & Development

Conducted by Yodchai Sudhidhanakul, founding member of Nokair and former CEO of Nok Scoot, partial owner of Koh Mak.

Provide participants with an in depth introduction into key decision making tools allowing them to collaborate more effectively across teams. The Business Model Canvas for designing new products or businesses and the Grid to give an holistic view of the business.

The Program

Participants will solve various problems and learn from various case studies where comparisons can be made to fit their the work situation. Debriefs will be made after each activity. (70% active, 30% theory)

Key Takeaways

Discover the nine elements of the business model canvas and apply the concept in sample cases. They will practice the design of a sample product based on the model.

Get an overview of the nine perspective of the Grid to better understand the relationship between customer, markets, organization and their impact on desirability, profitability and longevity of a business.

Understand why some companies are performing better than others and use this knowledge to manage their teams and advance their company.

Treasure Hunt

Equipped with a tablet pc, instruction manual and kit bag the teams need to find their way to a choice of 55 spots/challenges / tasks and puzzles at markets, temples, cultural sights, museums and architectural treasures. Each location will have a quest that can be opened on arrival. While competing against other teams strategic choices need to be made. Besides all task locations the teams can see the locations and scoring of other teams via the tablet pc. Task and scoring will be real time updated.

Raft Craft

Raft Craft Challenge puts you in the shoes of the Norwegian explorer Thor Heyerdahl who built a Kon-tiki to sail across the Pacific Ocean in a hand-built raft from South America to the Tuamotu Islands in order to prove that ancient people could have made long sea voyages, creating contacts between separate cultures. Your team will build a raft together with the materials provided by the instructors and 'sail' it to a remote island.

Disc Golf

Teams battle directly against each other during the disc golf challenge. Hitting the basket successfully gains Ribbit currency that can be used after a break to buy materials in order to construct the raft in the next team activity Raft Craft.

RELAX IN COMFORT

Ao Kao Resort is nestled along the pristine stretch of Ao Kao Beach. The white sand beach resort offers comfortable, and modern villas with a tropical villa feel. Rest among the towering palm trees and coconut plantations, the villas offer a selection of sea, garden or pool views.
