

The Game

Focus on team performance in a fun active and fully interactive learning style. Teams will stay connected with each other and be engaged in the game via a tablet pc. Coordinated via the tablet pc, teams participate in a series of activities such as puzzles, action games, constructions, quests, and challenges. These activities focus on individual and team skills, and performance.

“When a team outgrows individual performance and learns team confidence, excellence becomes a reality.”

Joe Paterno

Performance scoring will be updated live, so teams can see when other teams are outperforming them. Teams can see the location of other teams but also the (sometimes moving) location of the tasks ahead. This will give another interactive dimension to this modern team building activity.

By using latest technology, The Performance Affair can be setup indoors and/or outdoors, and is highly customizable to suit your performance output target.

Contact us to discuss which targets you wish to focus on, such as sales performance, communication performance, or leadership performance etc.

The Benefits

- Flexible in what type of performance you want to focus on
- Setup can be done anywhere and can adapt to last minute (weather) changes
- All activities included are proven active learning team building enhancers
- Large groups stay connected while in separate teams
- QR checkin allows flawless running of the event (pre-setup)
- Encourages team responsibility and integrity

Previous conferences often were 'too much work and not enough fun'... we definitely turned this around with tabtourasia.

Everyone was commenting on what a great time they had and how it helped them stay more engaged with the main subjects. Great job guys thanks!
