

May The Best Team Win!

OLYMPIC

Competative sports and telematch games with a twist

tabtourasia.com

The Game

Competitive pseudo team sports with much jesting, cheering and winners.

The Objectives

Focus on team performance in a fun, active, and fully interactive learning style. Coordinated via tablet PCs, teams participate in a series of activities that are sport related team challenges, but with an entertaining twist. This is the next generation of pseudo Olympic games that brings new and challenging activities to the grounds, while still focusing on team work and cooperation. For some activities, teams need to compete directly with another, while for other activities the team works by itself. Teams check-in to activities, and stay connected with each other to be fully engaged in the game via their provided tablet PC. Live scoring shows if your team is being outperformed or on the winning hand so that teams can adjust their play

The Best

Naturally, an olympic event needs to end with an olympic show down. After a real time visualization of the competitors progress, the winners take home medals, and trophies

The Benefits

- Engaging, competitive and fun
- Leadership, planning and communication
- All activities included are proven active learning team building enhancers
- Large groups stay connected while in separate team

“The Olympic Spirit is neither the property of one race nor of one age.”

Pierre de Coubertin
