SOCIAL RESPONSIBILITY

Wheelchair Motions

Race through the city and acquire wheelchairs to later donate, as your team interacts and experiences the life style of the locals.

Equipped with a tablet pc, instruction manual and kit bag the teams need to find their way through local markets, shops and culturally relevant locations. Each location will have a quest or quests that can be opened on arrival. While competing against other teams strategic choices need to be made. Besides all task locations the teams can see the locations and scoring of other teams via the tablet pc. Task and scoring is updated in real time.

“I can’t disguise myself with a wig and dark glasses - the wheelchair gives me away.”

In this CSR special we will include wheelchair related activities to help your company staff better understand the needs of those with disabilities.

Stephen Hawking

The Objectives

The objectives for this team building activity is to gain points as a team to show that you have out-performed the other teams. The activities are designed to encourage understanding between each other, and a deeper appreciation for those with disabilities.

The acquired and assembled wheelchairs during the event are donated to a local organization or persons in need.

Completion

- Activity show down with prizes.
- Wheelchairs are donated to those in need of them.
- Photos and/or videos of recipients provided.

Motions wheelchair

Work with us locally to genuinely become involved and make a real difference in the lives of those who need it most.

Contact us to help with facilitating half day, full day, or extended programs to suit the budget and effort you wish to support.

Closely working with local NGO, Helping Hands Chiangmai Foundation, we can help maximize impact and provide tax deductibility for all projects.
