

ONLINE

ICE BREAKERS & NETWORKING

The Activities

Our online Ice Breakers & Networking activities fully engage participants toward a positive mindset in order to connect and create understanding between each other. To start, we begin with a fun and engaging icebreaker; played individually and moderated live by the main facilitator followed by a short motivation exercise.

Once warmed up and motivated, it's time to connect. 1 on 1 paired participants get 90 seconds in a breakout room to discuss personal topics of interest before being swapped randomly in a speed dating style setting. To encourage topics, participants will have completed a survey at a prior time with questions such those below. Corporate or meeting related questions can be added as well.

- If you woke up as an animal, what animal would you choose to be?
- When you were little, who was your favorite action hero?
- If you could visit any place in the world, where would you choose to go?

After this we will push questions to the group to answer by our exclusive app such as:

- On the picture displayed there are two groups of people in your team. Which of these two groups had all land animals as their favorite animal?
- We mixed a picture of two team members who are they?

We finish by showing results to the group to learn who had the most questions correct.

The Benefits

- Great for virtual networking events or before corporate meetings
- Great for connecting suppliers with customers or sales staff
- Great for reconnecting colleagues
- An hour of fun with the team
- Fun and engaging
- Participants stay motivated and participate
- Connects unknown participants
- Creates better understanding of each other
