WORKSHOP SERIES

Results Oriented Soft Skill Training & Development

Our Workshop Series are professional training modules to develop understanding and know-how, while cultivating a healthy long-term interaction between delegates. Workshops are visual, packed full of practical hands on games, projects and activities to help keep participants engaged and maximize the understanding and retention of each session's subject. In cooperation with you, we will design and customize workshops and training activities to seamlessly integrate into your work space.

Being in corporate training and team building field for over 15 years, we have designed detailed soft skill training programs that are essential to generate high performing employees and teams.

Seen in the industry as an innovator, we provide an active and engaging approach to all our learning modules.

 Start designing your next program today!

This 2 day workshop exceeded all expectations. Professional trainers and facilitators, well designed activities and great support!

Cross Cultural Sessions

Developing cultural understanding improves awareness of cross-departmental or cross-cultural differences and how these impact the way we think, behave, communicate and do business with each other.

“Positive culture comes from being mindful, and respecting your coworkers, and being empathetic.”

The Program

Generate mindfulness and provide tools to your employees working in cross cultural environments.

Biz Stone

The program is a fully active learning package that can be followed up with half or full day sessions for further development. Rather than focus on a specific culture, we focus on why people from different cultures think differently and how this can be used to improve team work efficiency. As with all programs in our Symbiotic Sessions, it can be customized toward your team needs.

Key Takeaways

By the end of day one participants will have learned and practiced:

- The diversity of what culture is
- Where cross cultural related problems come from and how to deal with them
- Intercultural communication skills
- Intercultural leadership skills
- Helping intercultural teams work more effectively together

Design

Contact us with your delegate count, and your expected goals or purpose. Your itinerary for the program can then be designed and customized with you so we can meet all set objectives. Duration of the training depends on number of participants and the objectives and can be from 3 hours to 3 days.

Symbiosis

noun

Interaction between organisms living in close and long-term biological association, typically to the advantage of both.

"The acquired symbiosis in our team resulted in a mutual sense of oneness."
